RE: Junior Licence Course for your club

Dear All

The new season is just around the corner and we would like to see our junior players consistently improving their skills and taking part in quality and entertaining games. To support this aim, Capital Football is looking to continuously improve our coaches as a part of the football development process of young players.

As a new initiative in 2006, Capital Football would like to tailor a Junior Licence course to fit the needs of your club, i.e. delivered at your club and in a format that suits the club coaching personnel.

If you would like to further explore this possibility with your club please contact me at your earliest convenience.
